

## CIMOn Aasia-ohjelmasta 2015 tuetut Kiina-hankkeet

### CIMO Asia programme funded China projects 2015

<b>Project title: ProPeda – Promoting Teachers’ Pedagogical Expertise in Multicultural Contexts</b>	
<b>Coordinator</b>  <b>Karelia University of Applied Sciences</b> Joint Services  <b>Liisa Timonen</b> liisa.timonen@karelia.fi	The overall goal of the ProPeda project is to promote high quality, influential and strategic international co-operation between the Finnish and the Chinese partners by developing a joint course for teachers’ inservice training raising teachers’ pedagogical expertise and multicultural understanding. ProPeda also supports the universities in developing systemic teacher mobility with a close working life co-operation and promotes students’ internationalisation at home.
<b>Partners</b>  Heilongjiang Institute of Technology Heilongjiang University of Chinese Medicine Karelia University of Applied Sciences	ProPeda empowers the impacts of internationalisation of education raising the quality and working life relevance of education. Accordingly, ProPeda supports the launching of a double degree programme in renewable energy and the start-up of systemic teacher mobility in nursing. In relation to the priorities of the Asia-programme, ProPeda promotes the development of a joint course (teacher training course); working life co-operation (industry trainers involved) and mobility.
